The Reston Community Orchestra (RCO) would like to wish you and yours Happy New Year!

As we count our blessings at the top of the list is you, our patrons. The RCO has enjoyed entertaining and educating audiences in the Reston community and beyond for 30 years. An objective of the RCO is to reach in the community to ultimately grow our audience as well as stimulate excitement and enthusiasm mentoring youth musicians for symphonic orchestra music. The Orchestra presents five varied concerts per season, and, although donations are encouraged, there is no admission charge. The programs are *free and open to the public*.

The RCO has made and continues to make a difference in the lives of area residents and visitors because of **your** support, which is greatly needed and appreciated. During our 30th Anniversary Season our goal is to get at least a \$30.00 donation from 30 people. Of course, we would happily welcome a donation of more than \$30.00 from many more than just 30 people.

To help us provide new and innovative programs and to support your community orchestra's goal of \$30 from 30, visit our website, www.restoncommunityorchestra.org, and click on Support Us, to make a donation.

Finally, please join us at 4pm on March 18^h for our **Family Concert: Spotlight on Youth** at the Reston Community Center at Hunters Woods, 2310 Colts Neck Road, Reston. In addition to selections by great composers including Haydn, Tchaikovsky, Scriabin and the famous Finlandia, by Sibelius, the concert will spotlight a wonderful youth soloist on violin, George Lev Pekarsky.

On behalf of the orchestra, I extend my personal best wishes, and sincere thanks for your support.

Linda Ackerman,
General Manager
Reston Community Orchestra
